## Liam's story

"Firstly I came to Clifton Dental Studio under recommendations from a friend. I was after a quick treatment process to straighten my smile. Every staff member is welcoming and polite and I was shown a number of treatment options. Due to me wanting a 'quick fix' I went for the Six Month Smile treatment which also was very reasonable in terms of costs in comparison to my previous dentist. Every appointment was brilliant, I couldn't have asked for anything more and I certainly could not find any faults with the treatment process. If you are after a solution for straight teeth then Clifton Dental Studio is the place to go. I would happily recommend it to anyone. I am soon to be getting my teeth whitened at Clifton Dental Studio. I didn't even look to get my teeth whitened anywhere else as I know that nowhere will compare to what this place has to offer."

If there is anything about your smile that you are not happy with, please get in touch so we can discuss how we can get you smiling with confidence like Liam.

All the team at Clifton Dental Studio would like to wish our clients a very happy Christmas and a prosperous New Year.

## Implant seminar

Due to popular demand we held our second implant evening. This was well received with all seats being taken. Our guests learnt about the different options available for missing teeth.

We carried out a post-seminar evaluation to ensure it was fun, interesting and full of good information.

We would like to say a special thank you to Ray, a loyal patient who gave up his time to share his experience of having implants which our guests found very helpful.

Our next seminar will be held on 20th January 2016. Please contact the studio to reserve your seat so not to miss out as seating is limited. Call to register today 0117 973 1910.
