Team building pizza event

We enjoyed a great afternoon team training and building. Discussing what we can do to continually improve our service for our patients and how we can go that extra mile each time. We also got to make some scrummy pizzas at the Pizza Express workshop at the end, which went down a treat! - They were delicious!

Carrie Anne Paul has now returned from Maternity

leave and will be extending her working day (Monday) until 6.00pm. For hygiene visits please make contact with the front of house team to make your next appointment

Welcome back to Lorraine James. She will

be returning In October after her maternity leave. She will be working closely with Fiona Gerrard and will be responsible for the efficient, effective and safe management of the studio. The whole team are looking forward to working with her again she has been missed.

Testimonial

Paul Godwin

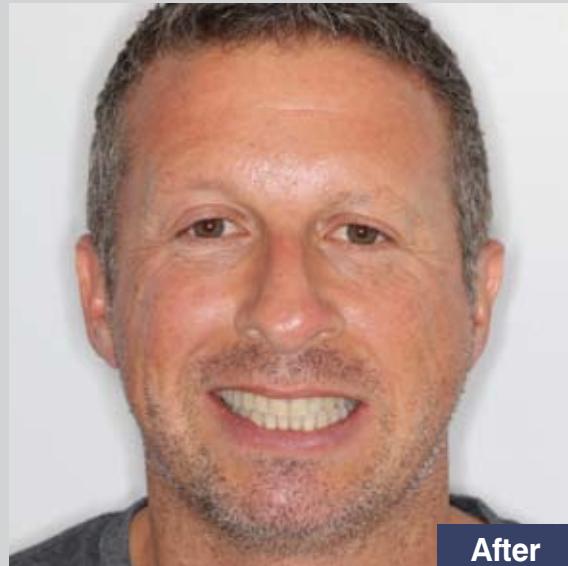

Before

After

I came across Clifton Dental Studio after I was introduced to Neil's book. I was so impressed with the content and the reviews from his patients, I decided to schedule an appointment and once I had visited it was obvious this was the only choice for me. My first impression was brilliant, I was made to feel welcome and the team are excellent, everyone is so professional and friendly. I was looking to undergo the alignment of the both my top and bottom teeth, my dental health was okay but I never felt comfortable smiling in photos, I definitely wish I had done it sooner. The whole experience was good; I was made to feel at ease and the treatments/procedures were explained every step of the way. I've had so many comments since I've completed my treatment and it makes me smile even more! I would certainly recommend if you are considering treatment to come visit! I would like to thank all the staff at Clifton Dental, the receptionists are lovely and Alex was a magic Dentist, helping me to avoid having any teeth out!

After

Paul will be running the Bristol Half Marathon on the 17th September

Here is his story

I am entering the Great Bristol Half Marathon on September 17th, with an aim to fundraise for 'It's in the Bag', a charity that I feel is personally worthwhile and has directly helped me in the past. They offer support to patients and families who have or had suffered with Testicular Cancer in the South West, with key aims of Support, Awareness and Survival. If you feel you could help then visit the link to the page below.

Thank you

This month we would like to thank the following patients for referring their friends and family to us: Faye James, Julie McClellan, Graham Horne, Natalie Tinson

Follow us on Facebook, Instagram & Twitter to keep up-to-date with news & special offers

Mouth Cancer Action Month

Every November the Oral Health Foundation run a national campaign to raise awareness of mouth cancer – If in doubt, get checked out:

By visiting Clifton Dental Studio for regular dental health check-ups you can rest assured that we will screen for oral cancer in our routine examinations, however there are steps that you can take to be more aware about the disease and symptoms to look out for.

Mouth Cancer Risk Factors

Whilst mouth cancer can affect anyone, at any age, whether they have their own teeth or not, there are some factors that can increase your risk, including:

- Smoking
- Drinking alcohol
- Poor diet that lacks in fruit and vegetables

Signs and Symptoms to Look Out For

The treatment of mouth cancer very much depends upon how early it can be detected and the good news is that if caught early there is a 90% chance of survival. There are a wide range of symptoms, as the cancer can affect various areas inside the mouth, however you should not ignore:

- Mouth ulcers that don't heal within 3 weeks
- Red and white patches in the mouth
- Lumps or swelling in the mouth, head or neck

Call us to make an appointment today if you spot something in your mouth that doesn't look quite right and remember that regular dental check-ups are one of the best ways to prevent against Mouth Cancer.
