Award winning smiles — Daniel Gray

I have always been lucky enough to have a good set of straight, white teeth, so when I had my front tooth knocked out and the next tooth knocked loose and discoloured grey whilst playing for Bristol Rugby Club, I was keen to get it sorted by the best dentist I could find. I was recommended Clifton Smiles by a friend, and they put together and carried out a fantastic treatment plan which left me with an even better smile than before the accident. The whole process was smooth, comfortable and efficient.'

Festive Fun

The average Brit consumes a whopping 7000 calories on Christmas Day! Although Christmas lunch has the highest calorie count, the real pitfall is snacking with abundant chocolate, nuts and biscuits!

Did you know?

The award for the most dedicated dentist must go to Brother Giovanni Batista Orsenigo from Rome, a monk who was also a dentist. He kept all the teeth he extracted over the 40 years that he was working. In 1903 the number was counted and found to be 2,000,744 teeth, an average of nearly 200 extractions per day!
